HYMN SUGGESTIONS: "More About Jesus Would I Know" (*REJOICE*, p. 458)

"Holy Bible, Book Divine" (*REJOICE*, p. 225)

PROGRAM GOALS: —to go beyond a superficial knowledge (snapshot image) of certain Bible women in order to understand their real struggles and successes  
—to appreciate the parts these Bible women play in our Christian heritage  
—to encourage Women Active for Christ to do more in-depth Bible study

PROGRAM HELPS: Have each woman bring to the meeting a picture of herself from the past. Let each woman share background information about her picture—where she was physically and spiritually, how old she was, the reason for the picture or any details pertinent to the snapshot.

To advertise the meeting, find pictures of the Bible women (sources: old Sunday school posters, flannelgraph or clipart) and place each one in an 8" x 10" frame. Place these on a display table with a sign, "Come, get to know these women."

At the end of the program, use this question to encourage participation and discussion: "With which Bible character do you most closely identify and why?"
